

Say *hello*
to Firefly

Family Freedom

The Firefly range of products are inspired by 'special needs family participation'. That simply means they are practical, fun products that help children with special needs take part in daily family life.

For us, life is all about experiences and being face to face with our friends and loved ones.

By enhancing the child's perception and giving them the tools to 'join in', we can ensure that the child not only has the opportunity to participate, but can also be at the heart of it.

We understand that we can't change a child's health or environment, but by using our products, we believe we can have an influence on their body structures, activities and participation.

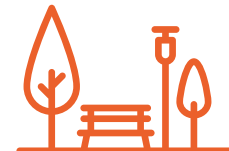

Firefly is Born!

Firefly was created in 2013 by James Leckey Design Ltd, a global leader in the design and manufacture of disability equipment.

firefly Splashy

Water Adventures for Little Splashers

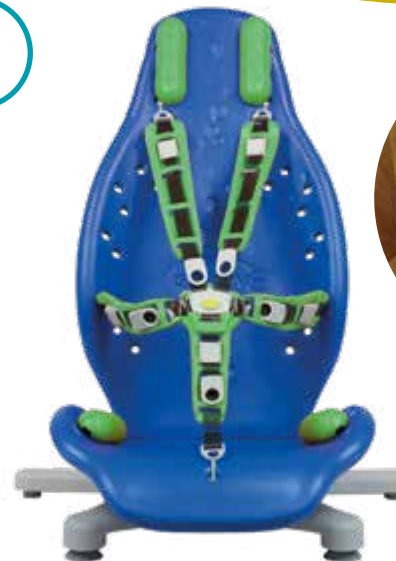

The Firefly Splashy is a lightweight, portable multipurpose bath seat that can be used for both bathing and other fun water play activities. Splashy is designed to sit low in the bath to allow your child to benefit from being immersed in the water. It also looks great with its bright colour options and modern design.

A recline feature means that even children with reduced head control or sitting ability are able to use Splashy. We have added interchangeable foam supports which can be used as a headrest, lateral, pommel or anti slide support.

Splashy has a five point harness which can be configured into a three point pelvic support to make washing a little easier. Splashy has a comfortable, warm touch foam covering available in three different colours. Choosing the colour of your child's bath seat and foam supports allows your bath seat to be more personalised for your child.

Max Weight	Age Range (approx)
30kg (66lbs)	1-8 years

Splashy Big

Water Adventures for Big Splashers

With all of the features and benefits of Splashy, the Splashy Big opens up many more opportunities for 8-16 year olds who want to participate in fun activities with friends and family.

Max Weight	55kg (121lbs)*

One seat, three bases, endless potential

Splashy & Splashy Big are now available with the choice of two additional base options - the Tub Stand and the Tub & Shower System - making bath and shower time simpler and more comfortable than ever.

Tub Stand

The new, fully adjustable Splashy Tub Stand accessory, complete with built-in leg support for added stability, makes bathing even easier and more comfortable, allowing parents and carers to shower children in the bathtub at a convenient height.

At just 40cm / 16" in width, the Splashy Tub Stand is the most compact on the market!

Upgrade Your Splashy & Splashy Big

Tub & Shower System

The Splashy Tub & Shower System, complete with built-in leg support for added stability, is perfect for adaptable bathing and showering.

Not only does it allow Splashy & Splashy Big to be easily moved into a shower room for use at a comfortable height for parents and carers, but the Tub Stand can also be detached and used for bath time - the possibilities are endless!

These new bases can be purchased alongside a Splashy or Splashy Big; or purchased individually as accessories.

One Little Seat, Countless Possibilities

The Firefly GoTo Seat is a lightweight, portable and stylish postural support seat that enhances children's lives through participation. It's a safe, supportive multipurpose seat, great for your home or on the go.

Originally designed for shopping carts in collaboration with charity Cerebra, its supportive structure and practical design also lets children sit on most standard chairs in the home, restaurants, classrooms and therapy sessions.

Available in 2 fabric colour combinations and a vinyl version

GoTo Seat with Floorsitter

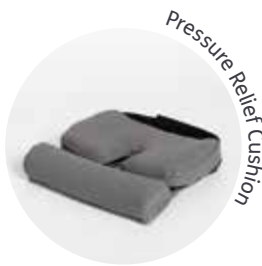

The GoTo Seat design features lateral support, a choice of headrests, pressure relief cushion and floorsitter.

The available sizes suit children aged between 1–8 years (approx) who would benefit from extra postural support.

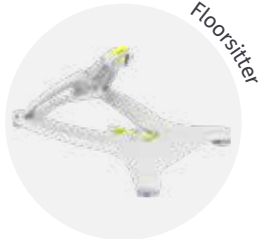

Size	Max Weight	Age Range (approx)
S1	15kg (33lbs)*	1–3 years
S2	30kg (66lbs)**	3–8 years

* If child is above 13kg/ 28.5lbs GoTo Seat cannot be used in a shopping trolley

** Size 2 GoTo Seats are too large for use in shopping trolleys

Pressure Relief Cushion

GoTo Seat Vinyl

Perfect for Families at Home and Away

GottaGo is an innovative, compact, portable toilet seat which provides you with the consistency needed for toileting success.

Designed with active families in mind, we are lifting the limits on where you can go and for how long by providing a comfortable, stylish toilet seat which can be used both home and away.

Complete with a neat backpack for stress-free travel and a toilet training guide, the GottaGo is a toilet seat like no other - making toilet time easier for everyone.

Size	Max Weight	Age Range (approx)
Size 1	30kg (66lbs)	2-5 years
Size 2	30kg (66lbs)	4-9 years

GottaGo's unique squat posture makes going to the toilet easier

The **GottaGo** is designed to hold your little one in a forward leaning deep squat position. This natural posture allows the muscles controlling their bladder and bowels to relax, making going to the toilet easier for your child.

- 1 Knees above hips, supported feet slightly behind knees
- 2 Support along thighs for improved pressure distribution and user comfort
- 3 Adjustable back and lateral supports to enhance squat posture and comfort for better functioning on the toilet

- 1 Lightweight and sturdy
- 2 Can be used over any toilet or with a potty insert
- 3 Retractable legs for easy folding, stowing and different height settings
- 4 Snug hug-like fit and warm touch materials for extra comfort

firefly Scooot

Stylish Wheels for Little Explorers

Scooot is a 4-in-1 sit and ride which gives children the freedom to explore and have fun in style. It is comfortable, gives postural support via the Advanced Backrest Cushion and one size caters for children aged 2-6.

Scooot facilitates play - a key factor in the early years of development in a child's life. It also complements therapy programmes in numerous ways by serving as a practical and fun device for home and therapy environments.

Scoot

Scooot's suitability depends on the child's level of physical development, hip-width and leg-length. It is generally suitable for children aged 2-6 who are assessed at levels I-IV on the Gross Motor Function Classification System (GMFCS).

Max Weight	Age Range (approx)
22kg (48.5lbs)	2-6 years

Everyday Adventures in Style

The Firefly WeGo is a stylish, lightweight pushchair which is perfect for everyday use by active families and little ones who like to be on the move.

WeGo combined with the GoTo Seat is the perfect way to get out and about for children up to 30kgs (66lbs). The GoTo Seat will provide all the support you need and the WeGo will give the additional benefits of an adjustable footrest, an angle adjusting leg rest and a backrest that reclines to 140 degrees.

WeGo comes with lots of great accessories as standard, including a sun canopy, foot muff, rain cover and basket.

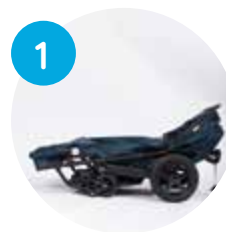

Max Weight	30kg (66lbs)

firefly Playpak

Fun Therapy for Little Learners

Playpak is a portable, versatile early intervention therapy kit which provides children with the building blocks they need to help develop 5 key skills- back lying, tummy lying, side lying, sitting and four-point kneeling. Playpak is more than just practical, it looks great too with its colourful, fun, child-friendly design.

The Playpak shoulder bag contains rolls, wedges and supports designed by our clinical experts in collaboration with therapists. These components combine in dozens of ways to facilitate three crucial early intervention postures (active sitting, supine and prone) to let children play and learn during therapy sessions or in the home.

Lightweight unfolding bag/floor mat

Side Lying

Sitting Upright

Tummy Time

Rolls and wedges included in Playpak

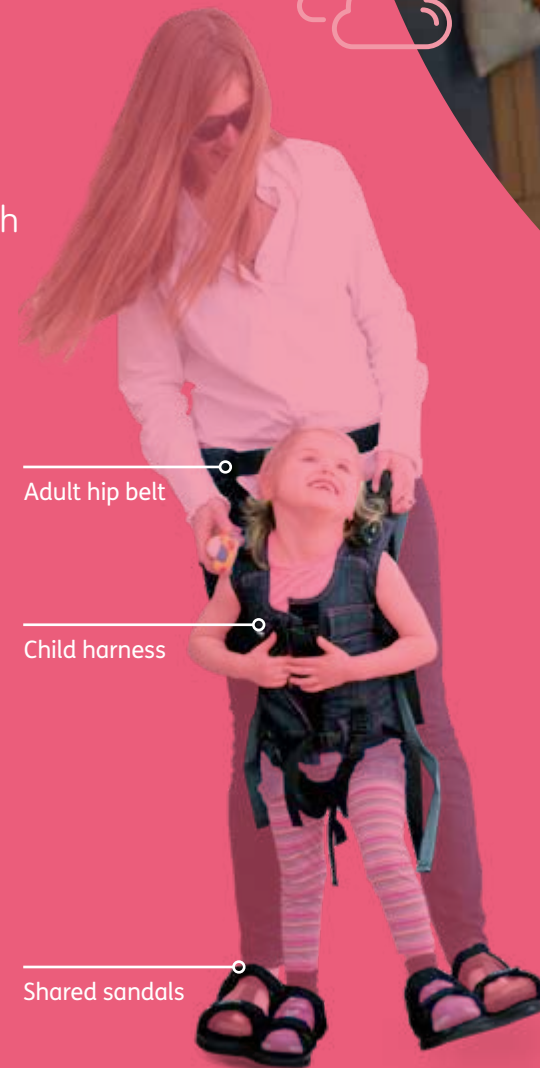

Playpak suits babies and young children considered to be levels I-V on the Gross Motor Function Classification Scale (GMFCS), depending on their level of physical development.

firefly Upsee

Little Steps to an Unexplored World

Upsee allows children with special needs to experience upright movement like anyone else. It is a mobility harness designed to give children with motor impairment the closeness and confidence needed to stand and move with the help of an adult. Upsee is a great addition to a child's current standing or walking therapy programme.

It also lets children experience the benefits of upright movement, and creates the possibility of social and emotional development by letting children interact with their peers at eye-level.

Adult hip belt

Child harness

Shared sandals

The available sizes suit children with mild-to-moderate needs, aged between 1–8 years (approx), who already participate in a standing or walking programme.

Size	Max Weight	Age Range (approx)
X Small	15kg (33lbs)	1–2 years
Small	15kg (33lbs)	2–4 years
Medium	20kg (44lbs)	4–6 years
Large	25kg (55lbs)	6–8 years

Adult belt (one size) to fit hip
600mm–1070mm (24–42")

The Upsee comprises three parts:

- **Child harness**
XS (Purple or Green)
S, M, L (Blue or Pink)
- **Adult belt**
One standard adjustable size
- **Double sandal**
Infant sandals with XS harness only
Standard sandal with S, M, L harnesses would benefit from extra postural support.

Designed for therapists

Upsee Assessment Kit for children aged 1–8 years of age.

Flip over for more details.

firefly Accessories

Backpack

A lightweight Backpack designed specifically to make getting around with your GoTo Seat or Splashy easier than ever!

For information on our other accessories visit fireflyfriends.com/our-products#accessories

Pressure Cushion

The GoTo Pressure cushion is designed to provide your child with pressure relieving comfort as well as postural support and pelvic stability. The memory foam is scientifically proven to distribute your child's weight evenly, so they can play even longer.

firefly GoToShop

Giving more families the freedom to shop

Please consider the GoTo Shop for your supermarket

@fireflybyleckey

social@fireflyfriends.com
firefly.sunrisemedical.com

Dear Store Manager,

My name is _____ and I would like to start by saying that your supermarket is my favourite local supermarket, I really enjoy shopping here. However, as someone who loves a child with special needs, I know it can be difficult to shop here because it doesn't offer a suitable adapted shopping trolley. When a child with a disability outgrows the traditional child/infant seat section of a shopping trolley there are no safe and suitable options in the retail store today. Therefore, families like mine struggle to go shopping.

I would like to make you aware of the Firefly GoTo Shop.

The GoTo Shop is a supportive trolley specially designed for children with special needs that will:

- **Make shopping easier and more inclusive** – it creates a more convenient, enjoyable and accessible shopping experience for families
- **Attract more shoppers** – your store will become the automatic choice for local families whose child has a disability
- **Shoppers will stay longer** – kids are supported, secure and happy, meaning families can shop for longer
- **Make a huge difference** – this one small gesture can make a big impact with the entire special needs community

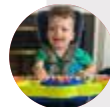

Please consider purchasing a GoTo Shop trolley today so kids with special needs, and their families, can enjoy a great shopping experience in your store.

Yours in hope,

ORDER TODAY – email us at:

Our Customer Testimonials

GoTo

★★★★★

"This boy LOVES music. His Firefly GoTo seat easily attaches to the chair so Malakai can happily play the keyboard."

Splashy

★★★★★

"Norah's old bath seat meant her feet didn't quite reach the water and she had to lie down rather than being able to sit up. Now she can kick those little leggies in the water every night!"

Splashy Big

★★★★★

"Took the kids to the Splash Pad today. Kylee actually enjoyed being splashed a lot more than I thought. I love that Kylee could sit independently and enjoy the Splash Pad."

Scooot

★★★★★

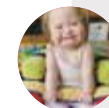

"With the Scooot, Elijah has the independence to explore, play, chase and race with his brother and sisters."

WeGo

★★★★★

"The WeGo is just amazing! Frank looks super comfy and it's light and easy to manoeuvre."

Playpak

★★★★★

"Layla loves the Playpak. It has strengthened her trunk so much! She is on her way to independent sitting now."

Upsee

★★★★★

"Ezra was able to play Putt-Putt for the first time today and he got 4 hole-in-ones! He absolutely loved it. Thankyou Firefly!"
